

Community Safety Partner FAQs

Frequently Asked Questions

What is the RFATS Safe Streets and Roads for All program?

The Rock Hill – Fort Mill Area Transportation Study (RFATS) has received planning funds from the U.S. Department of Transportation's Safe Streets and Roads for All (SS4A) program to develop a Comprehensive Safety Action Plan (CSAP). This plan aims to create a safer, more accessible and reliable transportation network for all users of the transportation system.

In keeping with the Vision Zero philosophy, RFATS strives to eliminate traffic fatalities and severe injuries to enhance safety for everyone within the RFATS Planning Area.

What are my responsibilities as a Community Safety Partner?

As a Community Safety Partner, you will help ensure that community perspectives are reflected in the planning process. Your responsibilities include:

- Participating in virtual or in-person meetings, at your discretion.
- Communicating program updates—such as public meetings and surveys—through your networks (email, social media, etc.).
- Receiving and sharing regular updates on the SS4A program.
- Providing input on community priorities and tradeoffs.
- Sharing feedback on transportation needs and concerns.

Where can I find more information about the RFATS SS4A program?

Visit rfats.org/SS4A for information about the plan, its progress, public meetings, surveys, and more.

Who can I contact with questions?
