

Winchester Road Corridor Study

About the Study

This study will create a shared vision for how Winchester Road should change over time. This is important because Winchester Road is a major entryway into Lexington. This study aligns new development and future roadway projects so the corridor is safer and more attractive. **It will help transform how the corridor functions for people who use it every day.**

Study Focus

Existing
Conditions

Mobility
and Safety

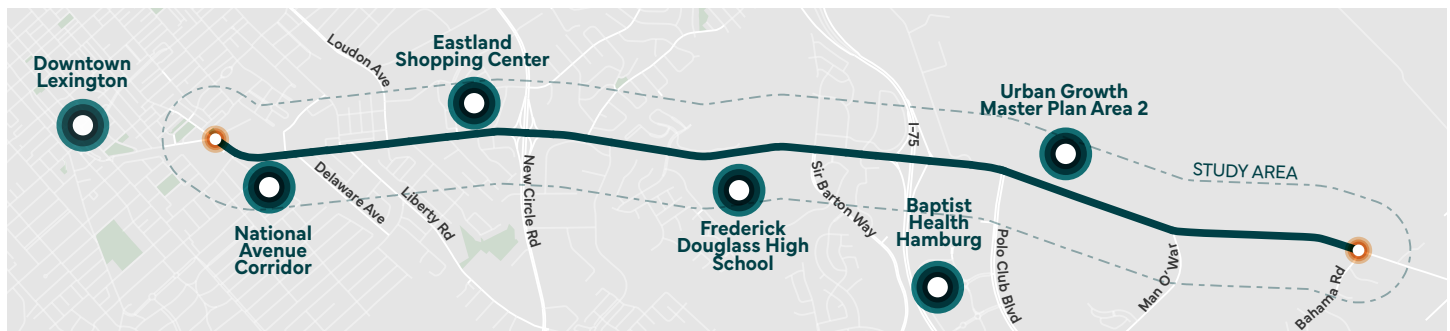

Future Growth
and Development

Study Priorities

This effort helps align future transportation and land use decisions with community goals by:

- ◆ Addressing rapid growth
- ◆ Responding to safety challenges
- ◆ Improving user experiences
- ◆ Establishing a shared vision

Study Corridor

Study Timeline: Spring 2026 - May 2027

Phase 1

Analyze and Listen

◆ May-June: Public Survey

Phase 2

Test and Evaluate Ideas

◆ October: Public Meeting

Phase 3

Recommend Implementation Plan

◆ February: Public Meeting

Start sharing your ideas today!

Community input is a critical part of this study - whether you live, work, drive, bike, walk, or take transit on Winchester Road, we want to hear from you! Scan the QR code to the right to visit www.wspengages.com/winchesterroad
